Board of Directors Chico Country Day Charter School Chico, California

Report on the Financial Statements

We have audited the accompanying financial statements of Chico Country Day Charter School, a California non-profit public benefit corporation, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chico Country Day Charter School as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 17 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2018 on our consideration of Chico Country Day Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Chico Country Day Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Chico Country Day Charter School's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2018

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Activities

The Chico Country Day Charter School (Charter School), a California non-profit public benefit corporation, was formed to manage, operate, guide, direct and promote the Chico Country Day Charter School, a California Public School. The charter was originally approved by Chico Unified School District in 1996 and renewed in July 2004, and was granted tax exempt status by the State of California on June 4, 2004. The Charter School is funded principally through State of California public education monies received through the California Department of Education and Chico Unified School District (the District). The Charter School is governed by a seven (7) member Governing Board.

The District renewed the charter through June 30, 2020. The charter may be revoked by the District for material violations of the charter, failure to meet student outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or for any violation of any provision of the law.

Basis of Presentation

The Charter School's financial statements presentation follows the requirements of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) No. 958-205, which provides guidance for the classification of net assets. The amounts for each of the three classes of net assets are based on the existence or absence of donor-imposed restrictions. Net assets consist of the following:

Unrestricted - All resources over which the Governing Board has discretionary control to use in carrying on the general operations of the Charter School.

Temporarily Restricted - These net assets are restricted by donors to be used for specific purposes. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Permanently Restricted - These net assets are permanently restricted by donors and cannot be used by the Charter School. The Charter School does not have permanently restricted net assets.

B. Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported on the financial statements. The Charter School uses the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized in the accounting period in which the liability is incurred.

(A California Non-Profit Public Benefit Corporation)

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2018

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Revenue Recognition

Contributions and grants are recognized when the donor/grantor makes an unconditional promise to give to the Charter School or when received, whichever occurs first. Donor-restricted contributions and grants are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. Government grants are recognized as revenue in accordance with the terms of the applicable grant agreement, which is generally upon the incurrence of expenses related to the required services. Per-pupil funding from the California Department of Education is recognized as revenue by the Charter School based on the average daily attendance (ADA) of students.

D. Cash, Cash Equivalents and Concentration of Credit Risk

The Charter School maintains cash in commercial bank accounts that are insured to \$250,000 by the Federal Depository Insurance Corporation (FDIC). For purposes of the statement of cash flows, the Charter School considers all highly liquid investments with an initial maturity of three months or less are considered to be cash equivalents.

E. Accounts Receivable

The Charter School considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

G. Prepaid Expenses

Prepaid expenses reflect payments made in the current fiscal year for expenses related to future periods.

H. Property and Equipment

All acquisitions or improvements of property and equipment and all expenditures for repairs, maintenance, renewals, and betterments exceeding \$5,000 that materially prolong the useful lives of assets are capitalized. All capital assets are capitalized at cost, or in the case of donated equipment, fair market value on the date of receipt, and depreciated using the straight-line method over their estimated useful lives of 3 to 50 years.

I. Deferred Revenue

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenses have been incurred. Deferred revenue is recorded to the extent that cash received on specific projects and programs exceeds qualified expenses.

(A California Non-Profit Public Benefit Corporation)

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2018

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

J. Donated Materials, Services, and Facilities

In-kind contributions are recorded at their estimated fair values at the date of donation. Donated services are recorded when they create or enhance non-financial assets or require a specialized skill that the Charter School would otherwise need to purchase.

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported mounts of income and expenses during the reporting period. Actual results could differ from those estimates.

L. Income Taxes

Chico Country Day Charter School has been granted tax-exempt status under Internal Revenue Code Section 501(c)(3) and Section 23701(d) of the California Revenue and Taxation Code. There is no unrelated taxable income and, accordingly, no provision for income taxes has been reflected in these financial statements.

M. Oversight

The Chico Unified School District receives 1% of the Charter School's annual revenues from LCFF sources for monitoring and supervisory responsibility.

N. Functional Allocation of Expenses

The cost of providing various programs and other activities has been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

During 2013-14, the Charter School received \$3,977,825 from the California School Finance Authority in the form of lease proceeds.

In accordance with the terms of the agreement, the Charter School was not required to make lease payments until after the final terms of the lease were determined. The final terms of the agreement were finalized at an interest rate of 2% in the 2015-16 fiscal year. Future minimum lease payments are as follows:

The Charter School has entered into various operating lease agreements for copiers, computers, and a server with lease terms in excess of one year. None of these agreements contain purchase options. All agreements contain a termination clause providing for cancellation after a specified number of days written notice to lessors, but it is unlikely that the Charter School will cancel any of the agreements prior to the expiration dates.

NOTE 7 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. NOTE 7 - EMPLOYEE RETIREMENT SYSTEMS (CONCLUDED)

B. California Public Employees' Retirement System (CalPERS) (Concluded)

Funding Policy

Active plan members who entered into the plan prior to January 1, 2013 are required to contribute 7.0% of their salary. The California Public Employee's Pension Reform Act (PEPRA) specifies that new members entering the plan on or after January 1, 2013, shall pay the higher of fifty percent of normal costs or 6.5% of their salary, and the Charter School is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2017-18 was 15.531%. The contribution requirements of the plan members are established by State statute. The Charter School's contributions to CalPERS for the fiscal years ended June 30, 2018, 2017, and 2016 were \$103,605, \$92,874, and \$72,740 respectively, and equal 100% of the required contributions for each year.

C. Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The Charter School has elected to use Social Security as its alternative plan. Contributions made by the Charter School and an employee vest immediately. Both the Charter School and participating employees were required to contribute 6.2% of an employee's gross earnings, up to the annual limit.

NOTE 8 - RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Charter School has purchased, through the Charter Safe JPA, various insurance policies for property and liability and workers' compensation insurance coverage. There were no significant reductions in coverage during the year.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

A. State and Federal Allowances, Awards and Grants

The Charter School has received state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expense disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

B. <u>Litigation</u>

The Charter School is subject to various legal proceedings and claims. In the opinion of management, the ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Charter School.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Chico Country Day Charter School Chico, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Chico Country Day Charter School, a California non-profit public benefit corporation, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 7, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Chico Country Day Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Chico Country Day Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Chico Country Day Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Directors Chico Country Day Charter School Chico. California

Report on State Compliance

We have audited Chico Country Day Charter School's compliance with the types of compliance requirements described in the 2017-18 Guide for Annual Audits of K-12 Local Educational Agencies and State Compliance Reporting that could have a direct and material effect on each of the Charter School's state programs identified on the following page for the fiscal year ended June 30, 2018.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Charter School's state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the 2017-18 Guide for Annual Audits of K-12 Local Educational Agencies and State Compliance Reporting, prescribed in the California Code of Regulations, Title 5, section 19810 and following. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the Charter School's state programs occurred. An audit includes examining, on a test basis, evidence about Chico Country Day Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Chico Country Day Charter School's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine Chico Country Day Charter School's compliance with state laws and regulations applicable to the following items:

MODE OF INSTRUCTION

<u>Criteria</u>: In accordance with Education Code Section 47612.5,

notwithstanding any other provision of law, and as a condition of apportionment, "classroom-based instruction" in a charter school occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid teaching certification in accordance

with subdivision (I) of Education Code Section 47605.

<u>Condition</u>: Two teachers taught in classrooms under expired teaching

credentials for 29 and 50 school days, respectively. After recalculating the instructional minutes and excluding the instructional minutes for the 29 school days for kindergarten and 50 school days for grades 7-8, the Charter School was still in compliance with the minimum instructional minutes requirements.

Questioned Costs: None.

<u>Context</u>: All teacher credentials were reviewed for the 2017-18 fiscal year.

Effect: The Charter School did not comply with Education Code Section

47612.5.

Cause: The Charter School did not have a procedure in place to track and

identify expiring credentials.

Recommendation: The Charter School should develop and utilize a credential tracking

system to verify credential renewal dates for their teachers on an

annual basis.

<u>Charter Response</u>: Chico Country Day School has established procedures that

ensure appropriate credentialing of teachers and monitoring of credential renewal and/or expiration by the creation of a master list and the requirement of cross-checking of the list by both human resources and the Director of Education. CCDS has also purchased a comprehensive human resources & accounting program that ensures accurate tracking of credentials and notification of any impending expiration of credentials

automatically.
